

SHIPPER'S CERTIFICATION FOR LIVE ANIMAL

(To be completed in duplicate)

This is to certify that (Tick the appropriate box)

- In addition to having completed all advance arrangements, this consignment is properly described and packed, and is in proper condition for carriage by air according to the current edition of the IATA Live Animal Regulations and *all applicable carrier and governmental regulations*. The animal(s) of this consignment is (are) in good health and condition.
- Animals taken from the wild for shipment have been appropriately acclimatised.
- This consignment includes species as described in the convention on International Trade in Endangered species of wild Fauna (CITES). Applicable permits/certificate are attached to the airwaybill.
- This consignment includes species as described in other applicable national legislation.
- In the case of reptiles and amphibians, the animals contained in this shipment are healthy and they have been examined prior to shipment and are free of any apparent injury and readily recognizable diseases. They are also free of external parasitic infestation, including mites, ticks and leeches, that can readily be seen under normal lighting conditions.

The shipper accepts that carriers will not be liable for any loss, damage or expense arising from death due to natural causes or death or injury of any animal caused by the conduct or acts of the live animal itself or of other animals, such as biting, kicking, goring, or smothering, nor for that caused or contributed to by the conditions, nature or propensities of the animals. In no event will carrier be liable for death or injury to an animal attendant caused or contributed to by the condition, conduct or acts of animals.
