

Are you ready to travel?

#staysafe

Pre-departure

Guests travelling from Seychelles to Ben Gurion International Airport (TLV)

At the moment, entry to Israel is only permitted for Israeli passport holders, residence visa holders, and passengers with specific entry approval. All travellers must produce a PCR test taken not more than 72 hours before departure and present the test result certificate at check in. This is also applicable to travellers with a vaccination certificate or a certificate of recovery.

On arrival in Israel, all inbound passengers must have another **COVID-19 PCR Test** done at their own expense.

All travellers, including those required to go into isolation must submit an **Inbound Passenger Statement**. In the statement, travellers must fill out their personal information, the address of the accommodation where they will isolate, and a health declaration. The statement form should be filled out within 24 hours prior to departure from Seychelles.

Onboard

- Passengers will be advised to board the aircraft by rows, in a specific numerical order, as per their assigned seat.
- Each passenger will undergo one temperature screening at the aircraft door before final boarding approval is given.
- Masks will be required for everyone (6 years and above).
- Blankets and pillows will be available.
- Streaming in-flight entertainment will be available on your own device.
- Meal service from SEZ-TLV is a hot dinner after take-off and a light snack before landing.
- Meal service from TLV-SEZ is a light snack upon departure, and a hot breakfast before arrival.
- Complimentary alcohol and hot drinks will be served.

Measures taken

- Disinfecting surfaces after every flight.
- The cleaning process includes a wipe down of surfaces and areas such as windows, tray tables, armrests, seats, air vents and overhead lockers in the cabin, lavatories, galleys and crew rest areas.

Ensure to print out or save a digital copy of your entry clearance (preferably both). Please check the requirements before you travel as the travel regulations change frequently.

Who must enter isolation?

Travelers (*of all ages, from all countries*) who have not been vaccinated against COVID-19 or never been infected with COVID-19 in Israel. Those traveling from a red location, or an orange location must enter isolation, even if they have been vaccinated or have recovered in Israel.

Travelers arriving from yellow locations, even if vaccinated or recovered in Israel, must enter isolation until they receive the result of the COVID-19 test taken on arrival in Israel or isolate for 24 hours (whichever is earlier).

Search a [Location's Status](#).

Arrival in Tel Aviv

- Upon landing, passengers will need to observe the health and safety measures set by the authorities.
- Israeli citizens and residents must present an entry clearance and a negative COVID-19 PCR test result.
- Foreign nationals will need to present Israel border control with their entry clearance issued after filling out the inbound statement form.
- Travellers may be requested to have another COVID-19 PCR test done.
- Face masks are mandatory.
- Observe social distancing of 2 metres and COVID-19 safety rules.

List of Laboratories

Providing COVID-19 PCR test certificates in Israel

You can schedule an appointment, click [here](#) to view list of the medical centers that offer COVID-19 PCR TEST.

The medical center must provide the test result in English. You must check that the document has:

- **Your full name in English, as printed in your passport.**
- **Passport number.**
